EXPERIENCE

Research Intern
NIT RAIPUR

📅 13 June 2022 – 14 July 2022   📍 Raipur

- Worked on designing a solar-powered drone.
- Utilized CAD, SolidWorks, Ansys, and MATLAB.
- Created 3D models of drone components using SolidWorks.
- Conducted structural and aerodynamic analysis using Ansys.
- Developed an optimization algorithm in MATLAB.

SKILLS

- Programming Languages: **Python, C++**
- Machine Learning and AI Frameworks: **TensorFlow, PyTorch, Scikit-learn, keras.**
- Data Science: **pandas, NumPy, matplotlib, seaborn, streamlit**
- Deep Learning: **CNNs, RNNs, GANs**
- **NLP, OpenCV**
- Database Management: **SQL**
- **Git**
- Cloud computing: **AWS**
- Problem-solving and Analytical Thinking
- Collaboration and Communication

EDUCATION

B.Tech in Mechanical Engineering - 8.49 CPI
National Institute of Technology, Raipur

📅 2020 - 2024

Higher Secondary – 87.4%
Central Board of Secondary Education

📅 2019

Senior Secondary – 9.8 CGPA
Central Board of Secondary Education

📅 2017

ACHIEVEMENTS

- Represented School at district level chess championship.
- Received SAIL Scholarship as a meritorious student.
- Received multiple medals at different Olympiads.
  - 2 Gold and 2 silver at IMO.
  - 2 Gold and 1 silver at NSO.
  - 1 Gold and 1 bronze at NCO.

PROJECTS

WhatsApp Chat analyzer
- Developed a project to analyze WhatsApp chat conversations using machine learning techniques. Extracted insights such as most active participants, popular topics, sentiment trends, and other relevant metrics.
- **Tech:** ML, DL, NLP, python, NLTK

Which Bollywood celebrity are you?
- A deep learning project that determines which Bollywood celebrity a user resembles the most based on their uploaded photo.
- **Tech:** Python, TensorFlow, PyTorch, Keras, OpenCV, Dlib, Matplotlib, NumPy.

Bangaluru house price predictor
- Developed a system that predicts the price of house based on provided features.
- **Tech:** ML, regression, python

LANGUAGES

- **English** (Professional)
- **Hindi** (Native)
- **French** (Elementary)

POSITION OF RESPONSIBILITY

Event Management Head at Robotix Club, NIT Raipur
- responsible for planning and organizing robotics events, managing budgets, and leading a team. My role involved participant coordination, marketing, and on-site event execution.
